ArcelorMittal Saucourt

Oiled black annealed wire

From the world leader in steel and wire solutions

WireSolutions, a subsidiary of ArcelorMittal, is one of the world's largest wire drawers and offers a diversified portfolio of low and high carbon wires, strands, ropes and corrosion-resistant solutions. Today WireSolutions is recognised worldwide for the quality of its corrosion-resistant product range.

Oiled black annealed wire

Pick-up coils

Characteristics

Diameters	Resistance	Elongation	Diameter tolerance
from 1.80 to 3.90 mm	30 – 40 dan/mm ²	> 30 %	± 0.05 mm

Packaging

- ▶ Pick up product is packed in coils joined together with three annealed wire ties. On timber pallets of 27 coils (three layers of nine coils with cardboard protection between each layer) the weight is approximately 1215 kg. All shrink wrapped.

▶ Inside diameter	205 mm	▶ Height	150 mm
▶ Outside diameter	320 mm	▶ Coil weight*	45 kg

Coils

Characteristics

Diameters	Resistance	Elongation	Diameter tolerance
from 1.80 to 3.90 mm	30 – 40 dan/mm ²	> 30 %	± 0.05 mm

Packaging

- ▶ Pick up product is packed in coils joined together with three annealed wire ties. On timber pallets of 27 coils (three layers of nine coils with cardboard protection between each layer) the weight is approximately 1215 kg. All shrink wrapped.

▶ Inside diameter	400 – 450 mm	▶ Height	500 – 800 mm
▶ Outside diameter	700 – 900 mm	▶ Coil weight	500 – 1000 kg

*Please contact us if you require different coil weights

ArcelorMittal

WireSolutions' annealed wires are produced by ArcelorMittal Saucourt, located in Eastern France. The mill, formerly Tréfilerie Jacquemin-Cornibert, offers customers a diverse range of mild steel annealed wires of which applications are waste recycling (balers), agriculture and industry.

Characteristics

Diameters	Resistance	Elongation	Length
2.00	30 – 40 dan/mm ²	> 30 %	2000 – 4500 mm
from 2.40 to 3.80 mm	30 – 40 dan/mm ²	> 30 %	2000 – 6000 mm

Tolerances

▶ Diameter	± 0.1 mm
▶ Length	± 1.0 cm

Packaging

- ▶ Cut to length product
- ▶ One of its end is provided with a loop protected by a plastic sleeve
- ▶ Parcels of 20 kg – bundles of 500 kg
- ▶ Parcels of 20 kg folded on wooden pallet

Did you know?

- ▶ All our products are consistent with EN 16120-1 to 4 and are manufactured according to ISO 9001, ISO 14001 and OHSAS 18001.
