Crapo®  
Vineyard wire

## The reference amongst galvanised wires

### Product description

- ▶ **Patented galvanisation process**
- ▶ **Life span upper than EN 10244-2 heavily galvanised wire**
- ▶ Long lasting, smooth surface
- ▶ Excellent adherence and concentricity of the coating (Zn/Al)
- ▶ The perfect adhesion of zinc allows Crapo® to be coiled up on its own diameter without flaking
- ▶ Guided rolls easy to use, manipulate and store (compact spooled)
- ▶ Eco-friendly product.

### Application

- ▶ Viticulture

Life span upper than EN 10244-2 heavily galvanised wire

### Characteristics

#### Conditionnement

- ▶ Coils of 25 kg delivered in bundles of 500 kg
- ▶ Internal diameter of 600 mm

#### Specifications

- ▶ Specific characteristics can be offered; please contact us.

Diameter (mm)	Number of ml per coil (approx.)	Resistance (N/mm <sup>2</sup> )	Breaking load (kg - approx.)	Elongation (%)
1.80	1250	40/60	125	20
2.00	1000	40/60	155	20
2.20	825	40/60	190	20
2.40	700	40/60	225	20
2.70	550	40/60	290	20
3.00	450	40/60	350	20
3.50	325	40/60	480	20
3.90	275	40/60	600	20
