ArcelorMittal Bourg-en-Bresse Ropeway ropes

Ropeway ropes...

Over the past hundred years, ArcelorMittal Bourg-en-Bresse, France, has been building up an international reputation in the manufacturing of high technology steel wire ropes.

With the implementation of a structured management policy including company organization, investment, R&D, ArcelorMittal Bourg-en-Bresse, in close cooperation with its customers, is today a worldwide leader in speciality ropes.

...innovation Made in France!

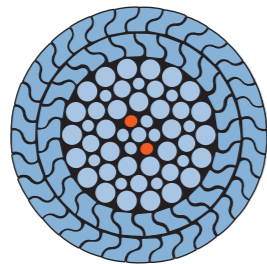

ArcelorMittal Bourg-en-Bresse also takes advantage of the metallurgical quality ensured by modern processes of steel making. The result is an optimal quality of its steel wires thanks to the full support of the ArcelorMittal group.

ArcelorMittal Bourg-en-Bresse is ISO 9001, ISO 14001 and OHSAS 18001 certified. The mill is able to implement an optimized process control, including quality, safety, environment, and creating world-class steel wire rope products.
