

Dragon mild steel barbed wire

APPLICATIONS > Agriculture | Rail | Highways | Industrial | Security

Product description

Traditional barbed wire manufactured to BS EN 10223-1. Made from 2Life® wire which lasts at least two times longer than heavily galvanised wire.

- > Triple coating of zinc, aluminium and our green anti-corrosion barrier giving enhanced protection.
- > Manufactured with an Iowa pattern of interlocking barbs to ensure that there is no movement of barbs along the line wires.
- > Supplied on wooden reels for an easier payoff, as well as for strength and ease of disposal, and with hessian handles to be easier to carry.
- > Ideal for use on top or bottom of stock fencing, use as a three or five strand cattle fence or for use with security fencing.

Coatings

- > 2Life® lasts at least 2 times longer than heavily galvanised wire BS EN 10244-2 Class A

GUARANTEE | We guarantee a 2 times longer service life than that of heavily galvanised wires*.

Characteristics

Wire diameter	Length	Number of barbs	Tensile strength of line wire	Space between barbs	Nominal weight	Number of rolls per pallet
mm	m		N/mm ²	mm	kg	
2.5	200	4	min 350	100	22	48

Other lengths can be made on request.
