

# Wire Fence Solutions

For installation, maintenance & repair

## Advantages of using the Gripple system...

### Saving you time and money in labour

From initial installation to maintenance and repairs, Gripple products are quick and easy to use and create a neat, professional finish.

### Join and tension in one

Removes the need for traditional clamps, wire strainers, crimps or knotting.

### A Gripple product to suit most wire types

Can be used with mild steel, high tensile and stainless steel trellising wire, across a range of diameters.

### Speedy, economic repairs

Simply splice a small section of wire using two Gripple Plus tensioners.

### Contractor Tool

Strong and robust tensioning tool to withstand everyday wear and tear.

### Torq Tool

Lightweight and compact tensioning tool with an in-built gauge.
