## Light stock fencing

APPLICATIONS》Agriculture \｜Temporary Fencing \｜Pipelines

## Product description

Hinge joint field fence manufactured with 2 Life ${ }^{\circledR}$ wire which lasts at least 2 times longer than heavily galvanised wire．
）A light weight conventional hinge joint field fence manufactured to BS EN 10223－5．
＞Designed for ease of pull－up when erecting．
＞Suitable for lambs，small livestock，temporary \＆pipeline fencing．
）A centreless core to provide snag free，easily rolled out fence where all of the roll can be used．

》 A deep crimp between the verticals to aid tensioning over uneven ground，elasticity against livestock and different weather conditions and to allow rainwater to drain away from the joint．

## Coating

》 2 Life ${ }^{\circledR}$ lasts at least 2 times longer than heavily galvanised wire BS EN 10244－2 Class A．

## Mesh

＞Top \＆bottom wires $\varnothing 2.50 \mathrm{~mm}$ ．Min $600 \mathrm{~N} / \mathrm{mm}^{2}$
》 Horizontal wires $\varnothing 1.90 \mathrm{~mm}$ ．Min $600 \mathrm{~N} / \mathrm{mm}^{2}$
〉Vertical wires $\emptyset 1.90 \mathrm{~mm}$ ．Min $400 \mathrm{~N} / \mathrm{mm}^{2}$

Characteristics

| Designation | Height | Vertical spacing | Length | Nominal weight | Rolls/ pallet |
| :---: | :---: | :---: | :---: | :---: | :---: |
|  | mm | mm | m | kg |  |
| L5 6515 | 650 | 150 | 50 | 14 | 25 |
| L6 5015 | 510 | 150 | 50 | 15 | 25 |
| L7 6515 | 650 | 150 | 50 | 16 | 25 |
| L8 8015 | 800 | 150 | 50/100 | 20/40 | 25/12 |
| L8 9015 | 900 | 150 | 50 | 21 | 25 |
| L9 1015 | 1000 | 150 | 50 | 22 | 25 |
| L10 1215 | 1180 | 150 | 50 | 24 | 25 |
| L15 1215 | 1156 | 152 | 50 | 31 | 16 |

Other patterns, sizes and lengths can be made on request.
