Vineyard wire

## Commercially galvanised wire

### Product description

- ▶ **Commercially galvanised wire according to EN 10244-2**
- ▶ More zinc
- ▶ Guided rolls easy to use
- ▶ Commercially galvanised wire is considered as not meeting anymore the required standards for elaborating an economical and safe trellising in a vineyard. However, it can be supplied on demand.

### Application

- ▶ Viticulture

B+

Commercially galvanised wire  
according to EN 10244-2

### Characteristics

#### Conditionnement

- ▶ Coils of 25 kg delivered in bundles of 500 kg
- ▶ Internal diameter of 600 mm

#### Specifications

Diameter (mm)	Number of ml per coil (approx.)	Resistance (N/mm <sup>2</sup> )	Breaking load (kg - approx.)	Elongation (%)
1.80	1250	40/60	125	20
2.00	1000	40/60	155	20
2.20	830	40/60	190	20
2.40	700	40/60	225	20
2.70	550	40/60	290	20
3.00	450	40/60	350	20
3.50	325	40/60	480	20
3.90	270	40/60	600	20
